## EU Network Training Centre (EU NTC) for capacity building and harmonisation of curricula

---

CORE-MD Webinar #5 - Education and Training

Presented by Esther Martinez on 10 July 2023

EU Network Training Centre Lead, Digital Change, Digital Business Transformation Task Force

An agency of the European Union

## Learning Ecosystem

### EU NTC

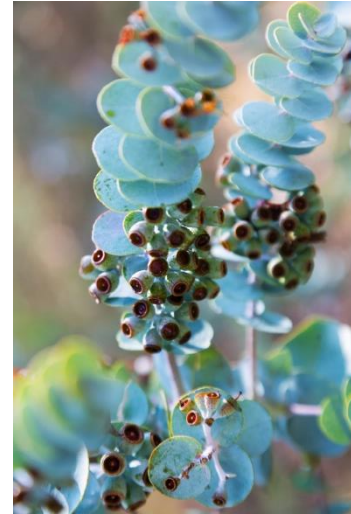

A centralised resource for **knowledge sharing** and **capacity building** for the **European Medicines Regulatory Network** (National Competent Authorities, European Commission and EMA)

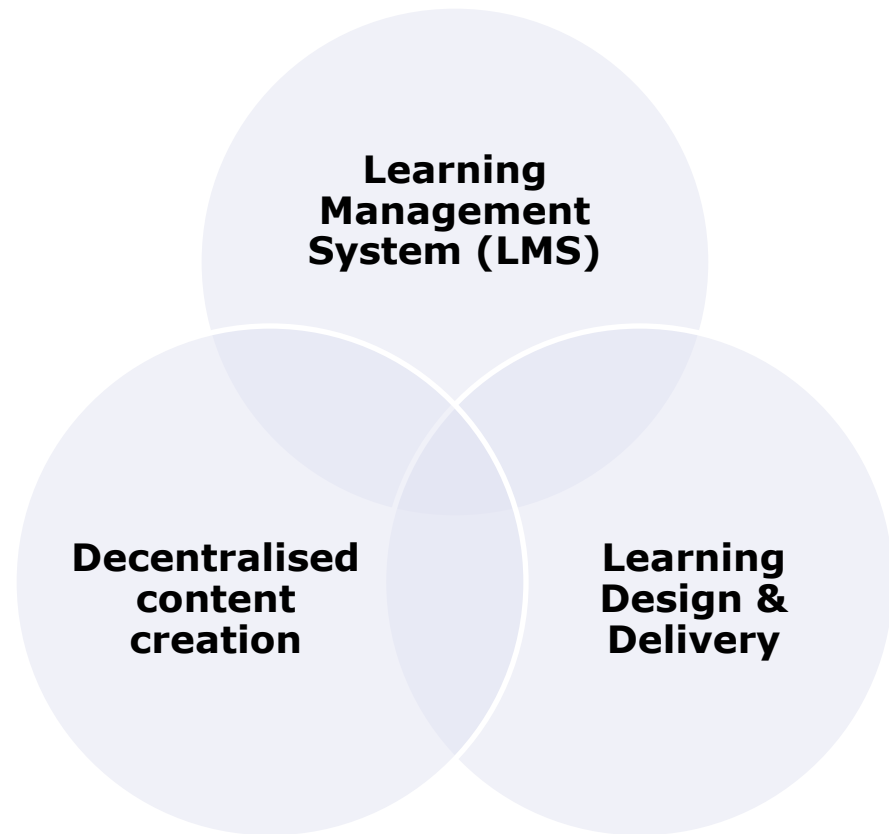

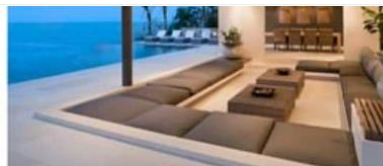

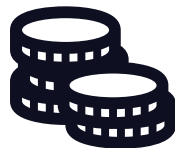

### Digital Academy

A hub for **digital awareness** and building **digital skills** (e.g. use of Artificial Intelligence, Virtual Reality, etc. in the development of complex healthcare solutions, including the Medical Device sector)

“We operate and manage the **learning ecosystem** on regulatory and scientific topics for the EU Network”

## EU NTC strategic objectives to 2025

1. New **target audiences** for EU NTC training

2. Strengthen the **curriculum development**

3. Strengthen the **services and tools** available for course developers

4. Strengthen the **digital learning ecosystem** – tooling and platform

1. Strengthen core activities

2. Prepare the EU Network for the future

4. Increase collaboration with stakeholders

3. Ensuring sustainability

## Priority areas for EU NTC

**A curriculum is a collection of (recommended) learning courses for a specific knowledge area within the EU Regulatory Network**

- A **Curriculum Steering Group** (a team of experts for the subject area) is assembled.
- The Curriculum Steering Group goes through a **6-step custom-made approach** for curriculum development:

Outcome after step 5: **curriculum framework document**
